Dear Mr. Conlon:

This letter is to inform you of the superior contracting service provided to the Bryant family of Middletown by both G.W.S. Contractors, Inc. of Jamesburg, NJ, and also by Mid-Atlantic Associates, P.A. of North Wales, Pa. We must congratulate both firms for their sincere professionalism and courtesy; their knowledge and patient willingness to share all aspects of the remediation work; their on-time schedules and oftentimes helpful suggestions with all ground, building, and tree restorations. We never witnessed any frayed tempers, despite the horrific heat that they were forced to endure.

When the project was complete and all the folks were on their respective ways to other demanding jobs, my Dad said to me that it was lonely without GWS and Mid-Atlantic here. We shall never forget the kind services rendered by Eric Davis, Brian Taylor, Pedro Pereira, and Dennis Rand of GWS and Mike Moriarty, Eric Paulk, and Emily Celano of Mid-Atlantic. Your firm is truly very fortunate to have these individuals in your employ.

We miss you all and wish you well in the coming years. It has been a sincere pleasure in doing business with each and every one of you.

With sincerest regards,

Genie & Family

Luther, Lorraine, Janice, and Tommy
