Dear Mr. Shurig,

Your company recently completed restoration work at our home and we want you to know that we were very satisfied upon the completion of the job.

Todd, who was in charge of the site, was always very professional, courteous and willing to keep us abreast on a daily basis of the progress that was being made. In addition, Rick and Pedro, who worked along with Todd quite a bit, were also very professional and respectful as well. The weather conditions were not always easy to bear, whether it was hot and humid, or rainy and sticky; this did not impact their attitudes or shorten their workday. This made an ugly experience for us much easier to handle, during a difficult, personal situation at our home.

Thank you for such professional service and please feel free to use us as references in the future.

Sincerely,

Catherine and Matthew Griffin
